

I Won't Let You Down

Erin McCarley

I don't have all the words to say
I'm still healing from my mistakes
I'll take the weight if it makes you stronger
I don't want to leave you in this place

Who am I to try to save you
I ain't gonna hide
You have to fight to change
Into the fire I'm standing beside you

I won't let you down
I won't let you down
No no no
I won't let you down
I won't let you down
No no no

We're alone let down your guard
Even when you feel hard to love
I'll go before you, be the light for you
We're gonna rise up out of the dark, out of the dark

Who am I to try to save you
I ain't gonna hide
You have to fight to change
Into the fire I'm standing beside you

I won't let you down
I won't let you down
No no no
I won't let you down
I won't let you down
No no no

If you can't find the reason
If you stop believing
There's nothing that I won't do
Nothing I won't do for you
I won't let you down

Who am I to try and save you
Oh I ain't gonna hide
You have to fight to change
Into the fire I'm standing beside you

I won't let you down
I won't let you down
No no no
I won't let you down
I won't let you down
No no no
I won't let you down
I won't let you down
No no no
