Gotta get that feddy cuz I need it, that's why I stay heated
Jesus save me, throw me down a bundle
Wrapped up like a football, bet I won't fumble
Stumble, I'm lying in the jungle, serving my "Bo-Jumbles"
A killer where my gun blows, but I stay humble
Watch 'em all crumble, "Baller" like "Motumbo"
Riding with a bumble, beats causing rumble
Hoes try to beat a nigga like a bongo
Mixerman cook 'em in a pot like gumbo
Specially when your pesos coming so pronto

Gotta get some purple is what I'm smoking, that' why I stay choking, locc'n
English broken, all this papers got me open
Get more papers all I'm hoping
No need to say a word to papers, spoken
Freezer frozen when I'm posing
Passion, cameras, flashing lights and action main attraction
Paper make everything better best believe it, and I love to receive it
Billionaire baller status, the chief is still breathing
