

Redemption

Esham

Oh my god you came into my life
I was lost I couldn't see my sight
And turned my world around
So I couldn't find my home
So you know I've smoked some weed
And took some pills and even sniffed some blow
'cause all the blessings I've received I know that heavens sent
I never knew when I spit this shit
And so I repent

Its like the first time I hit this shit
That every rapper in the world be on some wicked shit
On my knees at night askin should I quit this shit
Say you get the shit but wont admit the shit
You saw me shine the sun lit this shit
When i first started we were total opposites
Salvation for all of my sins through Jesus sacrifices
I took a stand so you can see all the hypocrites

We live in wicked nation
I'm sayin Amen! 'cause I don't wanna die

Its all about redemption
Its all about redemption
Everything I did and what I said
If we can forgive we can forget
Its all about redemption

It was him the devil in disguise
With a gun standin right before my eyes
He wanted my life
The wicked shit I speak was never meant for the weak
I'm runnin out of time
God please give me a sign
Goin out of my mind dodgin demons in the streets
Inherit the earth only the children of the meek

This spittin wicked shit I told the golden tale
My conscious catchin heat its gettin old and stale
So if you really wanna see my soul in hell
Its hard to embrace when I hold this hell
If you walk the bloody trail then bring your holy grail
The devil went after my soul but god closed the cell
Even though the wicked shit knows me well
You wont find me on the wagon when it goes to hell

Believe me hell is lonely
Believe me I was there my soul was spared
And only he cares that's why I'm there

And don't nobody know me
Its raining diamonds
Redemption (Redemption)
Everything I did and what I said
Its all about redemption (redemption)
If we can forgive we can forget

Its all about redemption
Its all about redemption
