

Antichrist Sex Pornstyle

Electric Callboy

The end is near
It's the Antichrist sex pornstyle
The end is near
I need some submachineguns

The end is near
It's the Antichrist sex pornstyle
The end is near
It's an invasion of the cockfucking robocunts

I need a boner
As hard as wreckers bell
Let's fight against tits for maleness
Destroy the ladyshavelaserguns

For the golfclub and tom selleck
For travelpussysinglemales

You can call me baby
Sixty-nine-eight-four
Travelpussies for the good guys
And cocktails for the whores
You can call me baby
Sixty-nine-eight-four
Call me tonight

Now this is hell
As bad as virginsex
It's awful like grey's anatomy
This is the end
Outerspace robot bitches
A smell of cunt filled the air

I've been around you
Side by side
With every moment
The sun shines bright / it's just not right

Don't stop make it rock
Let me blow your pussy up
Tonight you're so tight
God I hate this fucking slut

Tik tok on the clock
But the party don't stop
Suck my dick and shut up
Fucking autotune slut

Automatic cinetic systems
Synthetic miscarries they fucked me up
We are to pink to be gay
Tupperware robe bitches
Machines so hard and fuckable

Tight jeans covered my loaded gun
You can call me baby
Sixty-nine-eight-four

Travel pussies for the good guys
And cocktails for the whores
You can call me baby
Sixty-nine-eight-four
Call me tonight

Suck fuck suck boobies
