

# Hypa Hypa

Electric Callboy

Hypa Hypa  
You're pretty and I like ya  
Move your body girl  
All night long  
Hypa Hypa  
You're pretty and I like ya  
You're gonna be my girl  
All night long

There's a fire on the floor  
Anytime you hit the club  
Your body moves hypnotize me  
God, I want it!  
You are my drug  
You're everything I want  
I would give my soul  
For a girl like you at once

Put your hands up!  
And let me see you shake your hips  
Medicate me!  
I want that juice on your lips  
Yeah you like that!  
I wanna know that it's true  
You're dancing for me  
And I'm living for you

Hypa Hypa  
You're pretty and I like ya  
Move your body girl  
All night long  
Hypa Hypa  
You're pretty and I like ya  
You're gonna be my girl  
All night long

And I can't look away  
I'm addicted to your smile  
Dance for me! Dance!  
Never stop girl  
God, I love it!  
You are my drug  
You make my dreams come true  
I would give my life  
For a pretty girl like you

Put your hands up!  
And let me see you shake your hips  
Medicate me!  
I want that juice on your lips  
Yeah you like that!  
I wanna know that it's true  
You're dancing for me  
And I'm living for you

You're alone on the dancefloor baby  
Turn the light

You're alone on the dancefloor baby  
Turn, turn, turn on

You're alone on the dancefloor baby  
Turn the light

Wanna rip of your clothes now baby  
Turn the light
