

Light The Skyline

Electric Callboy

I gave my heart
You tear it away
Under the ocean
You can't see the stars

Seconds to minutes
Hours to days
Longing for truth
In your heartily embrace

So let me see
There is someone somewhere
It doesn't matter
How far I have to go

So baby
I just wanna take you somewhere
I wanna take you to a place
Where the sun doesn't shine

Don't touch the meat on my burger baby
Or I'll ram a cucumber in your fucking head

Motherfucking bitch
Suck my goddamn butterfinger
Crapface diet whore

The george forman lean mean fat reducing
Grilling machine go to hell I want my fat back

Motherfucking bitch
Suck my goddamn butterfinger
Crapface diet whore

I gave my heart
You tear it away
Under the ocean
You can't see the stars

Seconds to minutes
Hours to days
Longing for truth
In your heartily embrace

So let me see
There is someone somewhere
It doesn't matter
How far I have to go

So baby
I just wanna take you somewhere
I wanna take you to a place
Where the sun doesn't shine

In your eyes
Can't find the truth
In this mess full of lies

In my heart
I see the stars and
They're falling apart (2x)

And every second every moment I gave so much
Noticed the whole world was never really good enough

One heart, one breath
Everything's just a lie

Every second every moment I gave so much
Noticed the whole world wasn't really good enough (2x)

I gave my heart
You tear it away
Under the ocean
You can't see the stars

Seconds to minutes
Hours to days
Longing for truth
In your heartily embrace

It doesn't matter
How far I have to go

So let me see
There is someone somewhere
It doesn't matter
How far I have to go

So baby
I just wanna take you somewhere
I wanna take you to a place
Where the sun doesn't shine

In your eyes
Can't find the truth
In this mess full of lies
In my heart
I see the stars and
They're falling apart (4x)
