

Caucus Of Mind

Esoteric

I can't control, them, but they control me
The voices can't be heard. They're kept out of sight
Hatred from within. Purged from the soul of me
Leads me to destruction. They need my detonation

Hate...
Wild...
Pass...
Away...

Death eats away from the inside
Life eats away from the outside
In between... in between
In between... in between

Void
Pointless
Existence...

Over over over and
Over over over and
Over over over and
Over over over and

Make me see
The birth of my insanity
Reality
A memory...
My mind recoils...

Push down...
Push down...
Push down...
Break down...
Break down...
Break down...

My mind makes things happen...
