

# Shine

Estelle

Are you ready?  
It's your girl Estelle  
This album's for my people  
Gonna be a struggle  
But ya know what  
Fuck it  
We're gonna have fun tonight  
You feel me?

Oh this is my song  
I'm just like you  
I gotta fight to stay strong  
Just cause it clears  
It don't mean that it's over  
I'm a shine  
While my lights on

I'm a shine  
I'm a shine  
I'm a shine  
While my lights on  
I'm a shine  
I'm a shine  
I'm a shine  
While my lights on

When the lights go down  
What you know about me?  
What you know  
Is what I choose to let you see  
But I'm from London  
Call me the Big Ben  
I grew up in west  
Specifically West Kendall  
Now let me slow it down  
A little bit so you can feel me  
Cause where I'm from there  
Wasn't xxxx to do  
No not really  
Who'da thought  
That it would happen  
This London chick start rappin  
Now American boys are chattin  
All about me with my wicked accent  
And yes I stays on my grind  
You go get yours I'll get mine  
Don't worry bout it  
I'm fine  
Cause I'm a shine  
Say it

Oh this is my song  
I'm just like you  
I gotta fight to stay strong  
Just cause it clears  
It don't mean that it's over  
I'm a shine

While my lights on

I'm a shine  
I'm a shine  
I'm a shine  
While my lights on  
I'm a shine  
I'm a shine  
I'm a shine  
While my lights on  
Ya don't know  
What my hate is baby  
9 kids in the yard  
It was kinda crazy  
Still  
No kids thus far myself  
I'm scared of the pain  
I might not do well as a mom  
Still the work gets done  
Yes I worry bout bills  
But a change gonna come  
I wanna play rapper  
Rock the bells  
But I only gotta stack  
For the little estelza  
You don't wanna know  
Bout them days that go  
I got pain overload  
You don't wanna know  
About the things I know  
I just can't take no more  
Most of the time  
Though I gotta stay on  
I gotta stay real  
I gotta stay strong  
You know I'm heavy  
Cause I roll with gem  
So I'm gonna be fresh  
When the lights come on  
Come on

Oh this is my song  
I'm just like you  
I gotta fight to stay strong  
Just cause it clears  
It don't mean that it's over  
I'm a shine  
While my lights on

I'm a shine  
I'm a shine  
I'm a shine  
While my lights on  
I'm a shine  
I'm a shine  
I'm a shine  
While my lights on

Everybodys watching tonight  
It's my time  
While the lights on  
Everything I wanted is mine  
Imam shine

Oh this is my song  
I'm just like you  
I gotta fight to stay strong  
Just cause it clears  
It don't mean that it's over  
I'm a shine  
While my lights on

I'm a shine  
I'm a shine  
I'm a shine  
While my lights on  
I'm a shine  
I'm a shine  
I'm a shine  
While my lights on

I'm a shine  
I'm a shine  
I'm a shine  
I'm a shine  
I'm a shine  
I'm a shine  
While my lights on
