Fly Away

Eterna

To see Where He lives, I need To see what He did, when He Looked at me and discerned That I had not done anything

Misery, I never understood your Destiny. So, come live inside me. To destroy the evil that lives inside me!

Fly away ... across the skies. His whisper in my head.
Oh! Let my heart in His hands.
For this time , I will fight!!
So, one day, in another way.
I will see much more
Oh! Than in a thousand years.
Before the eyes, no lies...

To see wher He lives. I can not let the sun Or the rain reach his Footprints before I do.

Misery, I never ... Fly away...
