

## Dreams

Eternal

Eternal Afflict  
Agony  
Dreams Take Blind Souls  
Dreams of some hand - emotions  
Down in tears of some lyrics  
Laughin' about nothing - nothing to laugh

Satin covered my refired heart  
There are corners - there is light  
Truth, an attempt in vain  
Rooms of monstrous emotions  
Damn nights of absolutely deafness

Dancin' with murderers  
Dreams take blind souls  
Dancin' with murderers  
In your white rooms

Captured by the fascination  
Eyes of blinding dreams  
Dreams like passport of sickness  
Collapsed by nightly circumstances  
Silence of a thousand colours  
On my walk through tired eyes  
Ashes on my mouth - shut

When will the morning come  
Staying close to the wall  
Laughin' at the wrong time  
My memories so far away  
In this desert  
Don't listen, only questions  
The suicide in my suitcase  
So easy when you're in vacuum  
So walk - don't walk talk - don't talk
