

I Am Blessed

Eternal

Ooh, hmm

Here in the silence I say a prayer
Though I've never seen you somehow I know you're there
You're in the faces of the people that I meet
You're as silent as the Earth beneath my feet
So if I should complain that all I have is not enough
Forgive me, I've been given so much

And I am blessed, every time I look into my baby's eyes
I think of all the friends who've touched my life
I realise in a world where some have more and some have less
I have love and I am blessed

So many changes this world can put you through
Sometimes it's hard to find a way if a heart can get confused
But then I hold you and it all falls into place
You've given me what time cannot erase
So when I'm feeling down or feel sorry for myself
I look around and it's easy to tell

That I am blessed, every time I look into my baby's eyes
I think of all the friends who touched my life
I realise in a world where some have more and some have less
I have love and I am blessed

Every time I look into my baby's eyes

I realise I think of all the friends who touched my life

And I am blessed (I am blessed)
Every time I look into my baby's eyes (I look into your eyes)
I think of all the friends who have touched my life
I realise (I realise) you've given me such peace and happiness
In this world where some have more and some have less
I am loved
And I am blessed
