

Someone once asked me what my true feelings are  
I'm not really sure myself  
I'm looking for the balance though I'd like to reach the stars  
Maybe I could use a little help

Let's sit down and talk about the friction going on  
There's too much conflict everywhere and I don't need it  
I don't wanna be alone for too long  
What's that sound I hear above it's singing to us all  
It's Libra calling me

The things I love in life, what money can buy  
Just make sure you look good too  
I just know I like the finer things in life  
We'll make it if we try, me and you

Lets sit down and talk about everything that's going on  
There's a love I feel for you and I want you to see it  
I know I won't be alone for too long  
Now I know that sound I hear it's singing to us all  
It's Libra calling you

I don't wanna be alone here tonight
