

I Want to Ta Ta You, Baby

Etta James

Thinkin' 'bout the first time I saw you baby
We fell in love so fast
Anyone could tell
This kind o' love has gotta last - last

Ta ta you, baby - thank you
I wanna ta ta you, baby - thank you, yeah
I wanna ta ta you, baby - I got to thank you
For bein' mine, mine, mine, mine
Oh you're mine

Remembering when I first saw you, baby
How I wished, I wished that you were mine
You know what I did
Had a little talk with the man upstairs, I said
I said Lord, won't you please make her mine

Ta ta you, baby - oh, thank you
I wanna ta ta you, baby - thank you
I wanna ta ta you, baby - thank you
For bein' mine, mine, mine, oh mine

Ain't no girl in the whole round world
For me, but you, you, it's you
Don't you understand, baby
I'm gonna be a man, baby
My love, my love is so true
It's true, it's true, so true, so true, baby
Ow - get me a guitar
Oh ta ta, baby

Ta ta you - I thank you, baby
I wanna ta ta you - oh oh oh oh, baby, thank you, baby
I wanna ta ta you - I got to thank you, baby
For bein' mine, mine, mine, mine
I'm so glad you're mine, baby, mine
You're mine

Ta ta you - ta ta you, ta ta you, ta ta you, baby
I wanna ta ta you - I got to thank you, thank you, thank you
I wanna ta ta you - oh, it's so nice having you, baby, yes it is
For bein' mine - you're mine, you're mine
Mine - you're mine - mine - mine

Ta ta you - oh oh oh, baby
I wanna ta ta you - I just wanna thank you, baby
