

# It Ain't Always What You Do (It's Who You Let See You Do It)

Etta James

Very timid when you know it's all wrong  
You don't want it to be long  
I tell you the best way to keep it out of the wind  
Trust in no one, not even your closest friend  
But if your teeth will bite your tongue  
Can't you see where it's coming from?  
When you do your thing  
Don't let other people peep in your hand

It ain't always what you do  
It's who you let see you do it  
It ain't always what you do  
It's who you let see you do it

All my life I've been taught  
That you ain't wrong until you get caught  
There's an old saying  
And I believe that it's true  
You shouldn't let your right hand now  
What your left hand is going to do  
But if your teeth will bite your tongue  
Can't you see where it's coming from?  
When you do your thing  
Don't let other people peep your hand

It ain't always what you do  
It's who you let see you do it  
It ain't always what you do  
It's who you let see you do it

Ain't that right, ain't that right?  
Ain't that right, ain't that right?  
But if your teeth will bite your tongue  
Can't you see where it's coming from?  
When you do your thing  
Don't let other people peep your hand  
Peep your hand

It ain't always what you do  
It's who you let see you do it  
It ain't always what you do  
It's who you let see you do it

Ain't that right, ain't that right?  
Ain't that right, ain't that right?  
Ain't that right, ain't that right?  
Ain't that right, ain't that right?
