And The Angels Sing

Etta Jones

We meet and the angels sing
The angels sing the sweetest song I've ever heard
You speak and the angels sing
Or am I breathing music into every word?

Suddenly the setting is strange I can see water and moonlight beaming Silver waves that break on some undiscovered shore

Then suddenly I see it all change Long winter nights with the candles gleaming Through it all your face that I adore

You smile and the angels sing
And though it's just a gentle murmur at the start
We kiss and the angels sing
And leave their music ringing in my heart

Suddenly the setting is strange I can see water and moonlight beaming Silver waves that break on some undiscovered shore

Then suddenly I see it all change Long winter nights with the candles gleaming Through it all your face that I adore

You smile and the angels sing
And though it's just a gentle murmur at the start
We kiss and the angels sing
And leave their music ringing in my heart
