## Eurythmics

Don't touch me  
Don't talk to me about it  
Don't touch me  
Don't talk to me - ever again

I don't feel anything  
All sensation is closed to me  
I saw you put the needle in  
(I can still see) everything

Take me to a quiet place  
Throw me in the water  
Watch the bubbles surface as  
I'm slowly sinking under
