

## The One

Everyday Sunday

I am here, and I'm with You now  
And didn't think I could feel this way  
I am here, and I'm with You now  
Because You found me somehow  
CHORUS  
I can be the one tonight  
When everything seems out of sight  
I will follow You with all my life  
I can be the one tonight  
Jesus, You are the one that makes me smile  
Over and over again  
I am here and I'm with You now  
I want to hear You somehow  
CHORUS
