

This is all you have
No one can take this from you
Regret leaves stains
So see things through

Don't sit back watching all of this go
There's no second chances
It's over before you know

You won't see it coming
Cause in the end it's way too fast
We keep on running
But we can't escape the past
I want to live not just survive
I want to spend the rest of my days
Being alive

It's so easy to lose sight of what is real
Take hold of what you can and what you feel

Don't sit back watching all of this go
There's no second chances
It's over before you know

You won't see it coming
Cause in the end it's way too fast

We keep on running
But we can't escape the past
I want to live not just survive
I want to spend the rest of my days
Being alive

There's no excuse
The only thing that matters is right now
Only time will tell
Death whispers in my ear I'm on my way
When he finds me here
There won't be a single ounce of regret
When I'm gone my name you'll never forget
I'll make my mark

You won't see it coming
Cause in the end it's way too fast
We keep on running
But we can't escape the past
I want to live not just survive
I want to spend the rest of my days
Being alive
