

Dead or Alive

Everyone Dies In Utah

Dead or alive I'm going out of my mind
With no one in sight am I going blind
Dead or alive
Just a ghost
Dead or alive
Know ones knows
Where have have they gone

Take me back in time
To that far away place
Before shattered realities
Were all we had to face
Sleepless nights of
unknown possibilities
Take me back in time
when I could see your face
never leave a trace
To see another day

Dead or alive
Just a ghost
Dead or alive
Know ones knows
Will this ever end
I Can't promise that
We will meet again
Where have have they gone

Have they gone

Dead or alive I'm going out of my mind
With no one in sight am I going blind
These hollowed memories
That stick with me leave misery

Have we been abandoned
Have we lost it all
Waiting for the answers
We rise just to fall
