Enter A Life

No devil, no angel But I know how to be a stranger I do not know my way about But I'm seeking a way out Out of a roundabout

Where are you from? I really feel Your eyes on me

Welcome I am animated Come enter a life A life with me Welcome You are nominated To be my next catastrophe

You are one small wonder Here to tear, tear me asunder I'm on a station here somewhere Destination lies nowhere Dare to meet me there?

Good luck if you do Decide Decide to take this ride Be warned, I can't guarantee That I would be Good news for anyone Excalion
