

# Release the Time

Excalion

The bell strikes my hour, I greet the setting sun  
I do not understand why all of this is still undone  
The river that used to flood is now a bed of sand  
I only hope that these dreams will refresh this drying land

The mind wonders across the time  
Never lets me rest  
It's taken control, pulling the strings  
And all seems like a mess

Distant shore on ahead  
Pushing thru the waves  
Standing at the crossroads  
Knowing which path to take

Release the time  
After all you're in the prime  
No longer pretend  
And silence will be your new friend  
Release your mind  
Don't let yourself be confined  
On a way to make amends  
And learning how to transcend

The new life has appeared, fresh and plentiful  
The greatest time on the way and I am acceptable

Distant shore on ahead  
Pushing thru the waves  
Standing at the crossroads  
Knowing which path to take

Like turns of the tides, feelings come and go  
Some will move you and I, some leave us cold  
The essence of this all is if we shed a tear  
And share a smile, there's nothing to fear
