

Drowning

Excision

Standing in the fire
Just to feel alive
Faith and desire
Let me feel the light
Shade to the water
Drowning in your eyes

Standing in the fire
Standing in the fire
Just to feel alive

Let me feel the light
Just to feel alive

Standing in the fire
Just to feel alive
Faith and desire
Let me feel the light
Shade to the water
Drowning in your eyes

Standing in the fire
Standing in the fire
Just to feel alive

Let me feel the light
Just to feel alive
Let me feel the light
Just to feel alive
