

## Ravening

## Exhumed

Gorging - the glut of grue consumed, vigorously  
Swollen, distended appetites - deformed prosperity  
Ingesting - the inhumed inhumane, indiscriminately  
The all-consuming, never stopping - virulent voracity

And as you toil, they reap the despoiled

A ravening  
Voracious hungering  
Consuming, slavering, a ravening, so sickening  
Ever feeding - ravening

Swallowing - your self subsumed, insidiously  
Your life, your death, your thoughts entombed - so callously  
Regurgitating - repugnant retch repeated, endlessly  
A malignant mantra metastasized - takes hold internally

And as you build, their graveyards you'll fill

A ravening  
Voracious hungering  
Consuming, slavering, a ravening, so sickening  
Ever feeding - ravening

Slaking - they sup salivating, salaciously  
Bottomless hunger never sated - consume gratuitously  
Accumulating - avariciously accruing, acrimoniously  
Coffers and coffins overflow - in horrific harmony

And as you slave, you save your masters the task of digging your grave

A ravening  
Voracious hungering  
Consuming, slavering, a ravening, so sickening  
Ever feeding - ravening
