

# My Exception

Exilia

I can see the light  
Even on the darkest night  
I can feel the love  
Even when I hate it all  
'Cause you are the exception  
You are the exception  
In this world  
You gave me wings, I soar.  
I can reach the sun  
I'm flying in the sky  
I fly away, over the rain  
I'm flying in the sky  
I fly away, I'm miles and miles away  
I can feel the force  
Even when it's so absurd  
I can see the hope  
When a flower dares the storm  
'Cause you are the exception  
You are the exception  
In this world  
You gave me wings, I soar.  
I can reach the stars  
I'm flying in the sky  
I fly away, over the rain  
I'm flying in the sky  
I fly away, I'm miles and miles away  
My only exception  
To their deception  
My only exception  
To their deception  
I'm flying in the sky  
I fly away, over the rain  
I'm flying in the sky  
I fly away, I'm miles away  
I'm flying in the sky  
I'm flying in the sky  
I'm flying in the sky  
I fly away,  
I'm miles and miles away
