

## Don't Forget The Chaos

Exploited

See those missiles in the air  
Where did they come from No One cares  
What are they there for What do they do  
They kill millions of people Like me and you  
DEATH AND DESTRUCTION AND DON'T FORGET THE CHAOS[x4]  
Death and destruction Anguish and tears  
Nuclear fallout And acid like rain  
Why do we have them What is their need  
The government said That they are there to keep peace  
DEATH AND DESTRUCTION AND DON'T FORGET THE CHAOS[x4]
