

Love Don't Hurt (Until You Fall)

Exposé

Ooh yeah
You know love don't hurt until you fall in love
Oh yeah, yeah, ooh yeah
From the first time that I met you
I went head over heels
And it maybe could have been true
I didn't know how to feel
I caught your eye
Or was it that you caught mine?
I was just about to die
When your hand held mine
Love always finds a way
I fell right in your game
I know it's true
I'm just another heart to you
Just one more story
That you hear about so much
The thoughts go on living
In the back of your mind
Love don't hurt until you fall in love
Love don't hurt until you fall
Love don't hurt until you fall in love
Love don't hurt until you fall
You looked into my eyes
When you said our love was real
I shoulda known
That you were cold and couldn't feel
(Couldn't feel)
Infatuation is the name
(Name)
I shoulda known it was a game
(Game)
You lead me to believe
You would never leave
Love always finds a way
I fell right in your game
I know it's true
I'm just another heart to you
Just one more story
That you hear about so much
The thoughts go on living
In the back of your mind
Love don't hurt until you fall in love
Love don't hurt until you fall
Love don't hurt until you fall in love
Love don't hurt until you fall
What's it all about
This thing called love?
What am I supposed to do?
I can't get enough of you
Love don't hurt
Till you find a love that's true
Farewell to you, my love
You're never gonna make me blue
I was such a fool
(Ooh, ooh)
Don't you believe it too?

(Ooh, ooh)
I wanted you
One and one, it don't make two
This don't make no sense
(No sense)
Walk around feeling tense
(Oh no)
I wish it would rain
To wash away the pain
Love don't hurt until you fall in love
Love don't hurt until you fall
Love don't hurt until you fall in love
Love don't hurt until you fall
Thoughts keep on living
In the back of your mind
Love don't hurt until you fall in love
Love don't hurt until you fall
Love don't hurt until you fall in love
Love don't hurt until you fall
Love don't hurt until you fall in love
Love don't hurt until you fall
Love don't hurt until you fall in love
Love don't hurt until you fall
