

Shallow Existence

Extreme Noise Terror

Subconscious is your shallow existence.
Crucified by your insecurities.
Convulsing to your stagnant remains,
Tursed inside out,
Sucking on the emptiness of one another.
Calculated interaction,
Moulding a shallow expression.
Faking a picture on contest,
Not seeing past the barriers you create,
Inside yourself.
It's dark in your mind.
And your alm is blind.
Eternality devold.
