Interface

Don't just sit there And stare at me Don't just sit there And watch me bleed I'm losing you and you You're losing me I'm tired Of what we are I'm tired Of all the pain I'm losing you and you You're losing me Face lies flat I see my reflection Download thoughts But your files Are corrupted Don't just sit there And stare at me Don't just sit there And watch me bleed I'm losing you and you You're losing me I'm tired Of what we are I'm tired Of all the pain I'm losing you And you You're losing me Time stands still And your frozen In motion I held down Your escape But you're crashing You're crashing Don't just sit there And stare at me Don't just sit there And watch me bleed I'm losing you and you You're losing me I'm tired Of what we are I'm tired Of all the pain I'm losing you And you You're losing me Don't just sit there And stare at me

Extreme

Don't just sit there And watch me bleed I'm losing you And you You're losing me I'm tired Of what we are I'm tired Of all the pain I'm losing you We're losing We're losing We're losing
