

Fire & Damnation

Exumer

I break to your face and life, that's right.
I know you said we won't shine bright.
I feel you will go down with the rest
I check all your steps.
Obey only one and master's call
I know that Satan will not fall.
I shed not one tear and destroy.
Burn down heaven...

FIRE AND DAMNATION - WE WERE BORN

This game is mine won't let it go
Shred through you and all my foes.
Bend to none and never will
I dominate in for the kill.
None divine and just pure hate
Lesson learned annihilate.
Demonic cause spread the vile
Bodies churned into a pile.

WE WERE BORN - FIRE AND DAMNATION

You will sink like dead weight.
I have been here anticipate.
The end comes without a doubt
you will see infernal clouds.
Obey only one and master's call
I know that Satan will not fall.
I shed not one tear and destroy.
Burn down heaven...

FIRE AND DAMNATION - WE WERE BORN
