

Obvious

Eye Empire

I see what I want to see what I want to see in me
(belief through struggle).
I see what I want to see in me.
You see what you want to see what you want to see in me
(expert perspective).
You see what you want to see in me.

But I live in the obvious alone.
I live in the obvious alone... alone.

Believing in things unseen in the thing we come to be
(product of nature).
You'll hear no apologies from me.
To be what you want to be what you truly want to be
(be one with struggle).
You'll see what you truly want to be.

But I live in the obvious alone.
I live in the obvious alone... alone.

I feel so alone (always alone).
(always alone)

But I live in the obvious alone.
I live in the obvious alone... alone.

Alone!
(always alone)
