

Blind Me

Eyes Adrift

In the stars in your eyes I see
A little chaos and harmony
And that's when I lose my mind
Love is blind to even those who see
Blind me, blind me
Blind me

There's a crack in the smoky air
And the sound from the outside stair
Electricity fills my mind
Lost in time, that's all I seem to need
Blind me, blind me
Blind me

In the back of my head I hear
A little light burning loud and clear
And that's when I lose my mind
Love is blind is all I need to hear
Blind me, blind me
Blind me
