## Eyes Set to Kill

Don't lie, don't lie to me now  
Now I'm erasing you  
Throwing those memories out  
Out to start something new  
I'm throwing those memories

Darling, don't lie to me  
Darling, don't lie to me  
Darling, don't lie to me  
Darling don't...

Breathe in slowly now  
Darling don't lie to me  
Breathe in slowly now  
Darling don't lie to me  
Inhale truth I plead  
For you're my only hope  
Don't lie, don't leave

Mind set on failure  
The road you chose  
Told me you loved me  
Told me, no

Take your time I'm only dying  
Patiently I kneel here dying  
Curse the blind, you curse the blind  
Deep inside is where it lies

Don't mind me, I'm only dying  
Don't mind me, I'm only dying  
(What got me into this mess that devoured me)  
Don't mind me, I'm only dying  
Don't mind me, I'm only dying  
(Lies and deceitful actions keep promising)

What got me into this mess that devoured me (darling, don't lie  
)  
Lies and deceitful actions keep promising (darling, don't lie)  
What got me into this mess that devoured me (darling, don't lie  
)  
Lies and deceitful actions keep promising (darling don't lie)
