

See Me Bleed

F-Minus

who could see how, you'd do this. blade through the flesh, to
beat us. start with the wrist, and finish. who could see how?
you don't give a fuck about me. cut off my hands now you can
see me bleed. no silence now, you did it. just for the money
, and jewelry. reap agony, feel terrine. no silence now. you
don't give a fuck about me. cut off my hands now you can see
me bleed.
