

All I've Got

F. R. David

I would give up all I've got
If you carry me back
Back to the time you're shining
For moments to share with you
I do ought you all I know
Drawing my life
Cause nobody else thrills me
Nobody else but you
All i want is you to live
In my memory
Do you believe in love
At first sound
Cause it happened to me
Now you're still in my mind
I would give up all I've got
If you carry me back
Back to the time
Back to the time you're shining
For moments to share with you
All I want is you to live
In my memory
Do you believe in love
At first sound
Cause it happened to me
Now you're still in my mind
Oh carry me back
I've been playing all my life
Writing my best
But nothing come close to yesterday
Keep on tryin anyway
But nothing come close to yesterday
Keep on tryin anyway
I would give up all I've got
