

In My Mind

F. R. David

You are in my mind

I got the feeling you got me dreaming
It's so fast for me baby
I need some time cause right now

You're in my mind you're my mind
And I can't denie it
You're in my mind you're in my mind
But you're not in my heart
You're in my mind you're in my mind
But you not yet in my heart

The way you kiss me
Don't have that needing
No heart feeling baby
But this is how I see it

Just knowing it's not fair
I'm sleeping in your warm ways
If I could oh I should
Just turn around and go my way anyway
