

Do It In Hollywood

Faber Drive

We're gonna do it like they do it, do it in Hollywood
(do it in Hollywood (2x))

They've got palm trees
t-t-touching the skies
They've got celebrities
Going out of their minds
They've got the side walks
The cover the stars
They got the Malibu sunset, boulevard

They got the matches, the models, the money, the bottles
but everyone knows its not about that

We're gonna do it like they do it
Do it in Hollywood
Get the fast cars
Beneath the big stars
We're gonna party like they party
Wake up the neighbourhood
We're goin' all night
In California
They're gonna feel it
Right here in the city we live in
We're gonna show them how to do it
Do it in Hollywood

They're taking limousines
Take them down to the beach
They're on the cover of
All the big magazines
They're more famous
Than we'll ever be
Livin' up storybook fantasies

They got the matches, the models, the money, the bottles
but everyone knows its not about that
We're gonna do it like they do it

Do it in Hollywood
Get the fast cars
Beneath the big stars
We're gonna party like they party
Wake up the neighbourhood
We're goin' all night
In California
They're gonna feel it
Right here in the city we live in
We're gonna show them how to do it
Do it in Hollywood

No other place in the world I'd rather be tonight
I got my drink, got my girl gonna be alright
It's not a lot but it's all I need
It's what they're gonna
doesn't mean to me

They got the matches, the models, the money, the bottles
but everyone knows we don't care about that

We're gonna do it like they do it
Do it in Hollywood
Get the fast cars
Beneath the big stars
We're gonna party like they party
Wake up the neighbourhood
We're goin' all night

We're gonna do it like they do it
Do it in Hollywood
Get the fast cars
Beneath the big stars
We're gonna party like they party
Wake up the neighbourhood
We're goin' all night
In California
They're gonna feel it
Right here in the city we live in
We're gonna show them how to do it
Do it in Hollywood

Do it like they do it, do it in Hollywood
Show them how to do it, do it in Hollywood
