

Bad Bitch

Fabulous

Ha ha ha ha

Yeah

I'm a Ghetto Superstar nigga

Most niggas trying to get one chick, right?

I'm trying to get two

You know

Two is always better than one, right?

Yeah

I'm trying to kill two birds with one stone

It's 151's prone, that have you and hun's stoned

Trying the unknown

Doing things I know y'all parents wouldn't con-done

It's you, her, and me, eyes too blurred to see

Speech too slurred to G

But you know "Young'n" would love ta, see ya upon each other

Feeling on me while tongue'n each other

Wow! it's a wonderful thing

To have a pretty female under each wing

The cake can prob'ly Pollie, both of these Bobby Darlies

That take off their Rockavalis?

My job is gnarly, from getting slobbed on Harley's

Getting smoke from the supplier, robbing Marley

I hope this ain't took in wrong

But ma now I wanna see how both of y'all look in thongs

I got a bad bitch on my left side (oww)

Bad bitch on my right side (okay)

I suggest it be best if we get by

Said a bad bitch on my left side (oww)

Bad bitch on my right side (okay)

I suggest it be best if we get by

I'm willing to geese 'em, if they're feeling a threesome

I'm pulling up in the GT before the dealers release them

I ain't with the blazay blah

Cause I hold the record for the most Menage à Trois and lama taje I got a bad chick on my left lap

Bad chick on my right lap

Do as I suggest, I confess

At my request, they gonna get right

So when you see lipstick on both cheeks

That means I slip dick in both freaks

They started calling me Two Time Johnny

After repeatedly leaving the club wit two damn mami's

This brother done had 'em

From close friends, the girls who all know each other from Adam

I'm always this humble boo

HELL YES! it's cool for your girlfriend to come through too

At the most it'll take an hour together

To get these girls from dancing wit each other, into taking showers together

They know, it's a studio in Fab crib

One of y'all can rock the mic while the other one ad-libs

Boo, my government is personal

But I got enough sets of twins to make "Doublemint" commercials

After trying X

I can only imagine what y'all be trying next
The stacks that I be splurging, have girls in the back of the Excursion
Forgetting bout the fact that they was virgins
I don't care who you bringing wit you
Just let her know I'm poking her while I'm fingering you
I love that thing that you do
And I know about the tongue and nipple, but I ain't know you had a ring in i
t too
I can tell when they came, cause they start spelling my name
Like F-A, B-O, L-O, U-S (oww)

[Chorus]
