Take It Back

Face to Face

I won I worked too hard to get it So what? It's over just forget it

Too much, too soon Too late until you realize You've got it made? You're in for a big surprise

That's not what I want at all That's not what I wanted Can I take it back? Can I take it back? I'm asking

It's gone And I don't want to fake it It's wrong I've become the one I hated
