

# Gone Already

Faith Evans

If you ever loved someone who  
Never took the time to know you  
Nothing that you say ever gets through  
Listening but they don't hear you

You just going through the motions  
every day is so monotoneous  
Baby I'm just being honest  
It was over before we started

I was gone already Understanding now you're ready  
But I already been gone  
Gone already Nothing else you can tell me  
Cause I already been gone

I was feeling like a dead man walking  
Numb from all the pain you're causing  
Hoping that things would change  
But you never gave me that option  
There's so many things that you don't  
Do to make me overlook the wrong

This is not the way that love should be  
I guess you're not the man for me

I was gone already Understanding now you're ready  
But I already been gone  
Gone already Nothing else you can tell me  
Cause I already been gone

Packed my bags made up my mind  
Broke that lease and left the keys behind  
Hoping I could make it disappear  
I could be a million miles from here  
Obligation made me stay  
As long as I did that's my mistake  
Boy just holding on when  
When I know that I

I was gone already Understanding now you're ready  
But I already been gone  
Gone already Nothing else you can tell me  
Cause I already been gone

If you ever loved someone who  
Never took the time to know you  
Going through the motions

Every day is so monotoneous  
Already been gone
