

# Prelude/Thank You Good Night

Faith Evans

Ladies and gentlemen  
It is my distinct pleasure  
To present to you, the incomparable Faith Evans  
Yes (Yes, Lord heed my worship)

Damn, boy, I'm so proud of you  
'Cause you always deliver, deliver the goods so good, ooh  
The touch, the feel, the fabric of your embrace  
Sweet kisses so carefully placed  
I'm loving the way you do you

But I'm getting restless, it's getting late  
And you keep on talking when I got nothing to say  
And time just keep ticking and ticking and ticking away  
Looks like you're trying to stay  
Not trying to be cruel but I can't break my rules  
Don't know how to say this to you  
But how

How do I get you to get up and go without clowning you?  
Maybe I'll just say "Thank you, God bless you, and good night"  
So get your shoes, grab your coat, get your keys  
Thank you for coming through  
I got work in the morning, boo  
So thank you, and good night

The love was so good, you be keepin' it consistent, so good  
But I thought we had things understood, ooh yeah

But I'm getting restless, and it's getting late  
And you keep on talking when I ain't got nothing to say  
And time just keep ticking and ticking and ticking away  
Looks like you're trying to stay  
Not trying to be cruel but I can't break my rules  
Don't know how to say this to you  
But how

How do I get you to get up and go without clowning you?  
Maybe I'll just say "Thank you, God bless you, and good night," yeah  
So get your shoes, grab your coat, get your keys  
Thank you for coming through  
I got work in the morning, boo  
So thank you, and good night, yeah yeah

Let me tell ya, let me tell ya  
Your love was so good, you be keepin' it consistent, so good  
But I thought we had things understood, ooh yeah  
Not trying to be cruel but I can't break my rules  
Don't know how to say this to you  
But how

How do I get you to get up and go without clowning you?  
Maybe I'll just say "Thank you, God bless you, and good night"  
Come on, come on, come on, yeah  
So get your shoes, grab your coat, get your keys  
Thank you for coming through  
I got work in the morning, boo

So thank you, and good night

Thank you and good night, yeah
