

Just About Now

Faith Hill

G **Bm**
1. Just about now
Am7 **D**
I'd be watching you wake up
Em **Bm** **Am7 D**
Feeling my heart beat with yours
G **Bm**
Just about now
Am7 **D**
Is when we would make love
Em **Bm** **Am7 D**
Like all of the mornings before
Bm7 **E7** **Am7** **Bm** **C**
But I know it don't help to turn the clock back
G **Em** **Am7** **D**
'Cause I'm not gonna make it til I face this fact

C **D** **G** **G/B**
R: This is not about trying to go back in time
C **D** **G** **D**
This is not about where I'll be a year down the line
G **Am7**
It's just moment to moment
G/B **C**
Surviving somehow
G **Bm7** **Em**
This is not about then
C **D** **G**
This is just about now

2. Just about now
You'd pull in the driveway
And I'd be there waving hello
Run to my arms
You'd kiss me and hold me
As if you'd never let go
And it's just about now when the tears start to fall
I wonder if I'm gonna make it at all

D **G** **Am7**
R: It's just moment to moment
G/B **C**
Surviving somehow
G **Bm7** **Em**
This is not about then
C **D** **G**
This is just about now
