

My Heart's To Blame

Falling in Reverse

Walk away from all the pain
Found the peace with it again
And after all I've seen
And everything in between
My heart's the one to blame
My heart's to blame

So where do we all go from here
It's time to say goodbye, you're on your own
And this is where I disappear
So turning back is what I hate the most
It doesn't matter anyway
I guess there's nothing left to say
So where do we all go from here
It's time to say goodbye, you're on your own

I ran away from my mistakes
Crashed and burned but I'm okay
The most important thing
Learning what it all will bring
My heart's the one to blame
My heart's to blame

So where do we all go from here
It's time to say goodbye, you're on your own
And this is where I disappear
So turning back is what I hate the most
It doesn't matter anyway
I guess there's nothing left to say
So where do we all go from here
It's time to say goodbye, you're on your...

Goodbye, you're on your own.

(It doesn't matter anyway)
(I guess there's nothing left to say)
(So where do we all go from here)
(It's time to say goodbye)
You're on your own

So where do we all go from here
It's time to say goodbye, you're on your own
And this is where I disappear
So turning back is what I hate the most
It doesn't matter anyway
I guess there's nothing left to say
So where do we all go from here
It's time to say goodbye, you're on your own.

(My heart's to blame)
You're on your own.
(My heart's to blame)
You're on your own.
