

Meridians

Falling Up

Kiss your dreams goodbye now
The breaking of your dawn
You feel it in the fallout
You're fading now you're gone

It's time to say goodbyes
It's time to light your fears
It's time to wake your heart
It's time to say goodbyes
It's time to light your fears
It's time to open up

Strange and out of love now
The wind is blowing hard
The brilliance is the callout
The silence in your heart

It's time to say goodbyes
It's time to light your fears
It's time to wake your heart
It's time to say goodbyes
It's time to light your fears
It's time to open up

Goodbye, goodbye

Call out
Are you listening?
Break out
Are you listening?

It's time to say goodbyes
It's time to light your fears
It's time to wake your heart
It's time to say goodbyes
It's time to light your fears
It's time to open up

(2x) Goodbye, goodbye

(4x) Goodbye, it's time to say goodbyes
