

Living On Love

Family of the Year

Living on love
Living on love and libations
No complications
Living with no complications

While we're living on love
Living on love and libations
Everyday's a celebration
A special occasion

With our friends
Walking and talking
Crying from laughing
Feeling OK when I hear you singing

Don't say you're sorry
The love that you're bringing
Is bringing me on

They say that you can't get every
Little thing that you want
Take another picture & compare
It to the things you haven't got
Woooah It's such a lie!
It's such a lie!

Living on love
Living on love & libations
Everyday's a vacation
Living with no complications

They say that you can't get
Every little thing that you want
Take another picture and compare
It to the thing you haven't got
Woooah It's such a lie!
It's such a lie!

Woooah It's such a lie!
It's such a lie!
