

# Make You Mine

## Family of the Year

All the boys and all the pretty girls  
Summertime, I'm gonna make you mine  
And all the fun to shine on everyone  
Summertime, I'm gonna make you mine  
Summertime, I'm gonna make you mine

It gets dark, you watch them fall  
Then it gets light, then it gets louder  
Watch them bloom, watch them blossom, they grow higher  
Not here forever, but for now, let's do whatever  
And then never even find something that's close to being better  
Then you fall into its arms, you got bare feet out in the barn  
And you know that whatever, there will never be no harm

All the boys and all the pretty girls  
Summertime, I'm gonna make you mine  
And all the fun to shine on everyone  
Summertime, I'm gonna make you mine  
Summertime, I'm gonna make you mine

So much sand stuck inside my shoe  
We watch a thunderstorm, kill an afternoon  
We feel no pain, go swimming in the rain  
Two hearts that were apart are now the same

So won't you tell me if you wanna be my baby?  
Yes, for sure, and not a maybe  
We won't try, come along, no need to cry  
Then the sun comes back around, I'm back in time, you just got found just now

It's just that good, cause we could and we were always down

All the boys and all the pretty girls  
Summertime, I'm gonna make you mine  
And all the fun to shine on everyone  
Summertime, I'm gonna make you mine  
Summertime, I'm gonna make you mine

If I can't have you, you don't wanna know what I'm gonna do  
If I can't have you, you don't wanna know what I'm gonna do  
I'll never find another one  
So if I can't have you, think of what you'll be putting me through

All the boys and all the pretty girls  
Summertime, I'm gonna make you mine  
And all the fun to shine on everyone  
Summertime, I'm gonna make you mine  
Summertime, I'm gonna make you mine

So won't you tell me if you wanna be my baby?  
Yes, for sure, and not a maybe  
We won't try, come along, no need to cry  
Then the sun comes back around, I'm back in time, you just got found just now  
It's just that good, cause we could and we were always down

Summertime, I'm gonna make you mine
