

## The Dance

Family of the Year

Trying to look like I'm having a good time  
Maybe I'll take up a piece of your mind  
Your wondering eyes stray side to side  
Hoping its me they'll find

Your heart, your heart  
Can I be a part of yours

Oh how I wish you would ask me to dance  
Hold me so slowly with both of your hands  
Boys will be boys, girls will be girls  
Make me a part of your world

I'll have a hard time letting you in  
Where did you come from, where have you been  
Last time your a portion silver light on your skin  
Now my heads starting to spin

Your heart, your heart  
Can I be a part of yours

Oh how I wish you would ask me to dance  
Hold me so slowly with both of your hands  
Boys will be boys, girls will be girls  
Make me a part of your world  
Boys will be boys, girls will be girls  
Make me a part of your world

Oh how I wish you would ask me to dance  
Hold me so slowly with both of your hands  
Boys will be boys, girls will be girls  
Make me a part of your world

Oh how I wish you would ask me to dance  
Hold me so slowly with both of your hands  
Boys will be boys, girls will be girls  
Make me a part of your world
