

Broken Glass

Famous Last Words

Wake up I breathe in
This west coast heat and
The morning's calling me
Is this where I'm meant to be?
It's always feeling
Like I'm against the current
I get high from the rush
Will it ever be enough?

Is this it my time to celebrate?
As I grow I find that fate
Isn't what I thought it'd be
Every step's another journey

Time slips away
The future's inevitable
It always seems
That the grass is always greener
On the other side of the fence that is my life
And every inch I gain they...
Every inch I gain they take a mile

The buzz it comes down
And the real world comes out
And it haunts me in my dreams
It's why I can never fucking sleep

Is the glass half empty?
Is it half full?
I'll throw it down say fuck it all
As it shatters on the floor
What a perfect metaphor

Is this it my time to celebrate?
As I grow I find that fate
Isn't what I thought it'd be
Every step's another journey

Time slips away
The future's inevitable
It always seems
That the grass is always greener
On the other side of the fence that is my life
And every inch I gain they...
Every inch I gain they take a mile

I need it more!

Will it ever be enough
Will it ever be enough
Will it ever be enough

Time slips away
The future's inevitable
It always seems
That the grass is always greener
On the other side of the fence that is my life

And every inch I gain they...
Every inch I gain they take a mile
Time slips away
Every inch they take a mile
Time slips away
Every inch they take a mile
On the other side of the fence that is my life
And every inch I gain they...
Every inch I gain they take a mile
