

Comin' In Hot

Famous Last Words

If you got jack in your cup,
Go raise it up!
If you ain't got enough,
Go fill it up!

I'm gonna chase this whiskey with Patron,
I wanna girl on my lap and a jdgerbomb
So I'm comin' in hot, you heard me
I'ma make it rain on the girl who serves me
I drink a fifth of Vodka till it's gone
And if it feels so good then it can't be wrong
I'm comin' in hot, you heard me
We be taking shots and if not you nerdy

We only leave a pre-party, go party some more
I'm already shit faced before I walk in the door
This girl's rubbin on my leg, I never met her before
And now she's making her way down to my gentleman sword.

Might be the drugs talking or the shots of patron
But these bitches look like models and they're ready to bone
I'll take 'em back to my parents house, we'll be home alone
Slapin' chicks and have 'em yelling like Macaulay Culkin.

She is tearing it up!
Yeah she's dancing her ass off!
This girl's like a Mac the way she's riding my laptop!
I'm trying to get my rocks off so don't try to cockblock!
I'll grab my sawed off and I'll blow your cock off!

We get drunk for weeks
We drink so much goose,
We turning into geese
Me and my crew flap a V through the V.I.P.
These bitches play my skin flute like they're Kenny G.
