

# To Play Hide And Seek With Jealousy

## Famous Last Words

It started out as one love one passion  
Now it's bursting out into a chain reaction  
My sinful deeds I will never confess!  
This dead man will make out to be a useless witness

This is just what we wanted which is why it feels so right  
Cut slice dig as deep as you can  
Look into her eyes and know his blood is on your hands  
My new lead is the reaper, and my anger is my scythe  
Together we will make this life  
Together we will hide!

Hide and seek a sick game of destiny  
And this round you will never win (You know you'll never find him!)  
Here we go, count to ten let's start this show  
Where you've gone she will never know!

Cut-throat executioner, I aspire to survive  
It's a case of an unsolved murder  
Baby now you're all mine  
No services, coffin, no hearse  
I'll find a place to hide his corpse!  
Under the world  
Bury my secrets, evidence will burn  
The deed is done I've lost my mind  
Last sense of my conscience starts to fade and die  
Under the world  
Are the sins committed for this girl  
This man who died, it's justified  
He's out of sight now you're all mine  
Now you're all mine...

Hide and seek a sick game of destiny  
And this round you will never win (You know you'll never find him!)  
Here we go, count to ten let's start this show  
Where you've gone she will never know!  
She'll never know...

I'm a sinner, I'm a sinner, I'm a sick cold hearted killer  
I'm a lover, I'm a winner, and I'd do it all to steal her  
From a life she thinks she wants, but I know she would regret  
Living life out with another man and now he's fucking dead

It's sadistic, it's pathetic, so simplistic, it's poetic  
It's ironic, so psychotic, and I really, really want it  
So I took what I deserved, and I said, "Hey, well fuck the price!"  
So I cut him into pieces, took my demons own advice

Now you're all mine!

Go! Look for your lover  
If you keep searching he will show up dead  
I am the murderer, you will never see his pretty face again!  
Now you're all mine!
