## **Can't Help Falling In Love**

## **Fancy**

Wise men say only fools rush in But I can't help falling in love with you Shall I stay Would it be a sin If I can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For I can't help
falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For I can't help
falling in love with you
For I can't help
falling in love with you
